

JOHN FRASER, MPP / DÉPUTÉ

Ottawa South / Ottawa-sud

June 8, 2020

Dear Minister Fedeli,

I'm writing to you on behalf of a number of constituents wanting clarity on the re-opening guidelines for professional photographers.

Professional photographers, many of whom are small business owners, have been reviewing the phased guidelines for re-opening the economy provided by your government, however they are unsure where they fit in the government's framework.

As the government looks to move to Stage 2 or 3 in the coming weeks, professional photographers in my riding as well as representatives from the Professional Photographers of Canada (PPOC) organization, representing over 800 accredited professional photographers throughout the country, would like to be specifically mentioned in the detailed lists of Stage 2 and 3 openings. In addition, they would like the guidelines unique to their profession be clearly communicated so that the safety of the workers and their clients are protected.

I've attached a copy of the PPOC's COVID-19 policy guidelines for reference.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "John Fraser".

John Fraser
MPP Ottawa South
